

Dead Quote Recovery Audit

Guardian Pest Solutions · Residential & commercial pest control · Fredericksburg, VA

RECOVERABLE MONEY SITTING IN YOUR UNSOLD ESTIMATES:

\$8,320

From **128 workable dead quotes**, estimates you already wrote and never got a reply on

Dave, this is money you already paid to create. You rolled the truck, inspected the property, and wrote the number. The only thing missing was the follow-up. Every figure below comes from your own export, and every one is yours to check.

How we got the number

Unsold estimates found	158
Removed (stale, duplicate, do-not-contact)	30
Workable dead quotes	128
Average quote value (first-year)	\$650
Total on the table	\$83,200
Recovery rate used (industry range 5% to 12%)	10%
Recoverable this year	\$8,320

We plan at a base-case 10% recovery rate, inside the published 5% to 12% range, so this report stays grounded.

Your top recoverable quotes

These five quotes are your best money first. Highest value, most recent, most reachable. If we start Monday, these are the first phones that ring.

#	QUOTE	DATE SENT	VALUE
1	Commercial quarterly contract, Riverside Grill (3 locations)	Apr 18	\$9,600
2	Termite treatment + annual bond, Cedar St residence	May 27	\$2,400
3	Bed bug whole-home heat treatment, Oakhurst duplex	Jun 9	\$2,200
4	Wildlife exclusion + attic cleanup, Bellwood residence	Mar 30	\$1,850
5	Mosquito + perimeter annual plan, Pinebrook Ln	Jun 2	\$1,150

plus 123 more in the full list delivered with this audit

ANCHOR

The gross revenue from one recovered job like the \$9,600 commercial contract covers most of a year of the Follow-Up Desk on its own.

Your recovery plan

1

Approve the list and the words.

We hand you the ranked quotes and the follow-up messages, written in your voice. You read, you approve, ten minutes.

2

We run the follow-up.

Three touches over three weeks, from you, to people who asked you for a price. Every stop request honored instantly.

3

You service and get paid first.

Jobs book onto your calendar. You do the work and collect. Only then does our per-job fee apply.

What to stop chasing

JUST AS IMPORTANT: WHO TO STOP THINKING ABOUT

We pulled these out so you never waste another minute on them:

- 18 quotes older than 24 months (too cold to convert, not worth the goodwill risk)
- 8 duplicates and re-quotes of the same job
- 4 contacts who moved away or asked not to be contacted (removed permanently)

What happens if you say go

This audit was free and it stays free. If you want the \$8,320, here is the whole deal. A **\$500 refundable deposit** holds your spot, credited dollar for dollar against fees, refunded if we miss the 30-day guarantee. You pay the greater of a **pest floor (general pest from \$75, termite and bed bug \$250, commercial 25%)** or **20%** of each recovered job's first-year value, only after it books, gets serviced, and pays you. No recovered jobs, no fee. And when the pilot proves out, the **Follow-Up Desk** keeps every future estimate and lapsing customer from going cold, priced from your own recovery numbers and free any month it doesn't recover at least 3x its cost. We take just 5 new clients a month, and your reactivation stays exclusive to you. Reply "go" and we start Monday.

Dead Quote Recovery Audit for Guardian Pest Solutions. A conservative estimate of recoverable revenue based on your own export and a deliberately conservative recovery assumption, not a guarantee that specific quotes return. Correct any figure that looks off. Follow-up messages are sent by the owner, to people who requested an estimate from the owner, and opt-out requests are honored immediately. The \$500 deposit credits in full against recovery fees. Rebooked, rebookedco.com, (571) 5137639. This is a filled SAMPLE for demonstration.
